(hereinafter "Assignors") and Nisus Technologies, L.L.C. and Iowa limited liability company (hereinafter the "assignee") with a principal office at 2205 229th Place, Boone, Iowa 50036.

Inconsideration of the payment by Assignee to Assignors of the sum of One Dollar (\$1.00) each, the receipt of which is hereby acknowledged, and for other good and valuable consideration, the parties agree as follows:

1. Assignors hereby sell, assign and transfer to the Assignee and the successors, assigns and legal representatives of the Assignee their entire right, title and interest for the United States and its territorial possessions and in all foreign countries, including all rights to claim priority, in and to any and all improvements which are disclosed in the invention entitled:

Pivot Block Muzzleloader (hereinafter, the "Invention")

As identified in Appendix A attached hereto, the following patent application
U.S. application serial no. _____ filed on

_____; or

Including, but not limited to, the embodiment of the Invention shown in
Appendix B.

To comply with 37 CFR 3.21 for recording of this assignment, I, an Assignor signing below, hereby grant Brett J. Trout Esq., USPTO Reg. No. 37,250 Power of Attorney in this matter and authorize and request him to insert above the filing date and application number when it becomes known.

and in any legal equivalent thereof in a foreign country, including the right to claim priority and, in and to, all Letters Patent to be obtained for the Invention by the above

application or any continuation, division, renewal, or substitute thereof, and as to letters patent any reissue or re-examination thereof. (hereinafter collectively the "Invention".)

2. Assignors hereby covenant that other than to Assignee, no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this Assignment.
3. Assignors further covenant that the Assignee, and its assigns, will, upon its request, be provided promptly with all pertinent facts and documents relating to the Invention and said Letters Patent and legal equivalents as may be known and accessible to Assignors and that Assignors will testify as to the same in any interference, litigation or proceeding related thereto and will promptly execute and deliver to the Assignee, and its assigns, or its legal representatives any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce said application, the Invention and said Letters Patent and said equivalents thereof which may be necessary or desirable to carry out the purposes thereof.
4. Assignors further agree to maintain all information relative to the Invention, including any ideas, developments, and improvements thereof as confidential information of the Assignee. The Assignee, and its assigns, shall have total discretion as to whether and when a patent application is to be filed on the Invention.
5. The Assignee shall bear any expense of preparing and prosecuting any patent application relating to the Invention.
6. All royalty income which may be derived from the Invention shall be the sole property of the Assignee.
7. Warranties and Liabilities, Disclaimer of Warranties and Liabilities.
 - a. Generally. Each of the parties represents and warrants to the other party as follows in this Section 7, and acknowledges that each of the following representations and warranties has been relied upon by the other party and is material to the other party's decision to enter into this Assignment.
 - b. Assignors' Right to Convey. Assignors warrant and represent that Assignors, and Eric Hengstenberg of Knight Rifes, Inc. are the owners of all right, title and interest in the Invention, and that Assignors have the right and authority to grant the assignments of rights granted in this Assignment.
 - c. No Other Rights of Assignors. Assignors further warrant and represent that, with the exception of the rights described in

Section 7(b) above, Assignors, individually or collectively, do not own, control, or have rights to enforce any patent or invention that corresponds to or claims any invention relating to the Invention.

- d. No Litigation. Assignors further warrant and represent that there are no actions, suits, or proceedings pending against Assignors collectively or individually which relate directly or indirectly to the Invention.
 - e. General Warranty by Assignors. Assignors further warrant and represent that Assignors have the requisite power and authority to execute and perform this Assignment and to grant the rights provided for herein to the Assignee, and that no obligations under this Assignment conflict with any obligation to any present or future employer.
 - f. General Warranty by Assignee. Assignee warrants and represents that it has the requisite power and authority, corporate and otherwise, to execute and perform this Assignment.
 - g. Limitations. Assignee warrants and represents that its licensee(s) of the Invention and any patents issuing thereupon shall be required to assume responsibility for the design, manufacture, instructions for use, quality control and all safety-related activities relating to any products made under license, whether or not they incorporate any of Assignors' information, technology, and inventions relating to the Invention. Assignors shall not be responsible for the products of any licensee(s) of the Assignee pursuant to this Assignment.
8. Miscellaneous. The laws of the State of Iowa and of the United States of America shall apply to the interpretation of this Assignment.
9. Entire Agreement. This Agreement constitutes the entire agreement between the parties relating to the subject matter of this Agreement and supersedes all prior understandings, agreements, discussions, or representations, whether written or oral, with respect to such subject matter. This Agreement cannot be varied, modified, waived, or amended except in a writing executed by both parties to this Agreement. Each party to this Agreement acknowledges that it has not executed it in reliance on any promise, representation, inducement, or warranty that is not contained herein.

10. Severability. If any provision of this Agreement is held invalid, void, or unenforceable under any applicable statute or rule of law, it shall to that extent be deemed omitted, and the balance of this Agreement shall be enforceable in accordance with its terms.

- Construction. No provision of this Agreement shall be construed in favor of or against any party on the ground that such party or its counsel drafted the provision. Any remedies provided for herein are not exclusive of any other lawful remedies which may be available to either party. This Agreement shall at all times be construed so as to carry out the purposes stated herein.

- Counterparts. This Agreement may be executed in several counterparts, all of which when taken together, shall constitute one and the same instrument

IN WITNESS WHEREOF, the parties have executed this Assignment on the dates indicated below.

ASSIGNMENT

WHEREAS, I, Eric Hengstenberg, a citizen of the United States, residing at 30082 230th Avenue Cincinnati, Iowa, in the County of Appanoose, in the State of Iowa, have made an invention entitled **PIVOT BLOCK MUZZLELOADER** and have executed applications for Letters Patents of the United States of America based thereon;

NOW, THEREFORE, for good and valuable consideration, receipt of which is acknowledged, I have agreed to assign and transfer and do hereby assign and transfer unto Knight Rifle, Inc., a corporation of the State of Iowa, having its principal office at 21852 Hwy J46, Centerville, Iowa 52544, its successors and assigns, the entire right, title and interest in and to the said invention and application, and in and to any division, continuation or continuation-in-part, of said application, and in or to any and all improvements in the said invention made by me or made jointly with others (provided any such improvement is made during my employment by said Company or within one year thereafter), and in and to any and all Letters Patent and reissues and extensions thereof, of the United States of America and countries foreign thereto (including the right to apply for Letters Patent in foreign countries in its own name and to claim any priority rights for such foreign applications to which such applications are entitled under internal conventions, treaties, or otherwise), which have been or may be granted thereon or on any divisional, continuation (in whole or in part), renewal, reissue or other or further application based in whole or in part upon the said invention or improvements thereon, to be held and enjoyed as fully and exclusively as they would have been by me had this assignment and transfer not been made.

I do further agree for myself and for my heirs, executors and administrators, to execute and deliver without further consideration any further applications, assignments and documents, and to perform such other acts as I lawfully may, that may be deemed necessary by the said Knight Rifle, Inc., its successors, assigns and nominees, fully to secure its interest as aforesaid and to obtain or maintain Letters Patent in any and all countries.

And, I do hereby authorize and request the Assistant Commissioner of Patents to issue any and all Letters Patent which may be granted upon any of the said applications, to the said Knight Rifle, Inc., as the assignee of the entire interest therein.

IN WITNESS WHEREOF, I have hereunto signed my name on the day and year set forth below.

To comply with 37 CFR 3.21 for recording of this assignment, I, as Assignor signing below, hereby grant Brett J. Trout Esq., USPTO Reg. No. 37,250, Power of Attorney in this matter and authorize and request him to insert above the filing date and application number when it becomes known.

and in any legal equivalent thereof in a foreign country, including the right to claim priority and, in and to, all Letters Patent to be obtained for the Invention by the above application or any continuation, division, renewal, or substitute thereof, and as to letters patent any reissue or re-examination thereof. (hereinafter collectively the "Invention".)

2. Assignor hereby covenants that other than to Assignee, no assignment, sale, agreement or encumbrance has been or will be made or entered into which would conflict with this Assignment.
3. Assignor further covenants that the Assignee, and its assigns, will, upon its

request, be provided promptly with all pertinent facts and documents relating to the Invention and said Letters Patent and legal equivalents as may be known and accessible to Assignor and that Assignor will testify as to the same in any interference, litigation or proceeding related thereto and will promptly execute and deliver to the Assignee, and its assigns, or its legal representatives any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce said application, the Invention and said Letters Patent and said equivalents thereof which may be necessary or desirable to carry out the purposes thereof.

4. Assignor further agrees to maintain all information relative to the Invention, including any ideas, developments, and improvements thereof as confidential information of the Assignee. The Assignee, and its assigns, shall have total discretion as to whether and when a patent application is to be filed on the Invention.

5. The Assignee shall bear any expense of preparing and prosecuting any patent application relating to the Invention.

6. All royalty income which may be derived from the Invention shall be the sole property of the Assignee.

7. Warranties and Liabilities, Disclaimer of Warranties and Liabilities.

a. Generally. Each of the parties represents and warrants to the other party as follows in this Section 7, and acknowledges that each of the following representations and warranties has been relied upon by the other party and is material to the other party's decision to enter into this Assignment.

b. Assignor's Right to Convey. Assignor warrants and represents that Assignor, and Eric Hengstenberg of Knight Rifles, Inc. are the owners of all right, title and interest in the Invention, and that Assignor has the right and authority to grant the assignments of rights granted in this Assignment.

c. No Other Rights of Assignor. Assignor further warrants and represents that, with the exception of the rights described in Section 7(b) above, Assignor, individually or collectively, does not own, control, or have rights to enforce any patent or invention that corresponds to or claims any invention relating to the Invention.

- d. No Litigation. Assignor further warrants and represents that there are no actions, suits, or proceedings pending against Assignor collectively or individually which relate directly or indirectly to the Invention.
 - e. General Warranty by Assignor. Assignor further warrants and represents that Assignor has the requisite power and authority to execute and perform this Assignment and to grant the rights provided for herein to the Assignee, and that no obligations under this Assignment conflict with any obligation to any present or future employer.
 - f. General Warranty by Assignee. Assignee warrants and represents that it has the requisite power and authority, corporate and otherwise, to execute and perform this Assignment.
 - g. Limitations. Assignee warrants and represents that its licensee(s) of the Invention and any patents issuing thereupon shall be required to assume responsibility for the design, manufacture, instructions for use, quality control and all safety-related activities relating to any products made under license, whether or not they incorporate any of Assignor's information, technology, and inventions relating to the Invention. Assignor shall not be responsible for the products of any licensee(s) of the Assignee pursuant to this Assignment.
- 8. **Miscellaneous.** The laws of the State of Iowa and of the United States of America shall apply to the interpretation of this Assignment.
 - 9. **Entire Agreement.** This Agreement constitutes the entire agreement between the parties relating to the subject matter of this Agreement and supersedes all prior understandings, agreements, discussions, or representations, whether written or oral, with respect to such subject matter. This Agreement cannot be varied, modified, waived, or amended except in a writing executed by both parties to this Agreement. Each party to this Agreement acknowledges that it has not executed it in reliance on any promise, representation, inducement, or warranty that is not contained herein.
 - 10. **Severability.** If any provision of this Agreement is held invalid, void, or unenforceable under any applicable statute or rule of law, it shall to that extent be deemed omitted, and the balance of this Agreement shall be enforceable in

accordance with its terms.

11. Construction. No provision of this Agreement shall be construed in favor of or against any party on the ground that such party or its counsel drafted the provision. Any remedies provided for herein are not exclusive of any other lawful remedies which may be available to either party. This Agreement shall at all times be construed so as to carry out the purposes stated herein.
12. Counterparts. This Agreement may be executed in several counterparts, all of which when taken together, shall constitute one and the same instrument

IN WITNESS WHEREOF, the parties have executed this Assignment on the dates indicated below.
